

# Comprehensive Pet Sitting Checklist: A Roadmap for Recording and Reporting

## High Priority (Flag to Pet Owner Immediately)

Sudden changes in pet's eating habits or refusal to eat

Notes:

Unexpected aggressive behaviour or signs of extreme anxiety

Notes:

Vomiting or diarrhoea lasting more than 24 hours

Notes:

Blood in urine, stool, or vomit

Notes:

Difficulty breathing or excessive panting

Notes:

Seizures or loss of consciousness

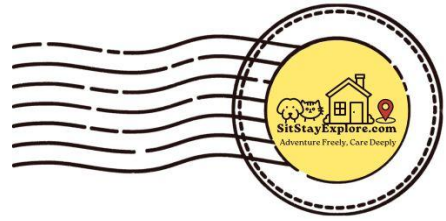

Notes:

Suspected ingestion of toxic substances

Notes:

Severe injury or accident

Notes:

Escape or disappearance of pet

Notes:

Unexpected visits from strangers claiming to know the pet/owner

Notes:

Major household issues (e.g., power outage, water leak, break-in)

Notes:

## Medium Priority (Deal with Immediately, Inform Owner)

Minor injuries (small cuts, limping)

Notes:

Changes in water consumption (significantly more or less)

Notes:

Unusual lethargy or decreased activity level

Notes:

Refusal to take prescribed medication

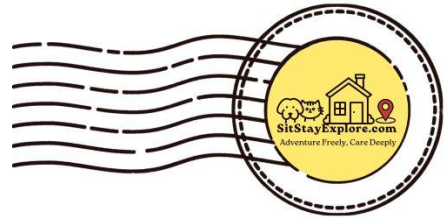

Notes:

Signs of mild discomfort or pain

Notes:

Unexpected delivery or important-looking post

Notes:

Minor household issues (e.g., blown fuse, appliance malfunction)

Notes:

Alterations to agreed-upon pet routine due to unforeseen circumstances

Notes:

Interactions with neighbours or local authorities about the pet

Notes:

Unusual weather events affecting pet care (e.g., heatwave, storm)

Notes:

## Low Priority (Deal with, Note, Optional to Inform)

Changes in toilet habits (frequency, location)

Notes:

Mild changes in behaviour or mood

Notes:

New quirks or habits observed

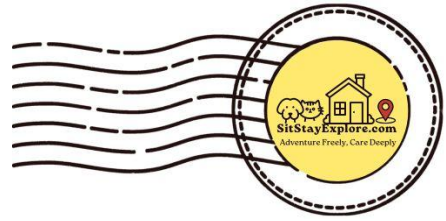

Notes:

Interactions with other pets or wildlife during walks

Notes:

Pet's reactions to new stimuli (sounds, objects, people)

Notes:

Grooming observations (e.g., increased shedding, dry skin)

Notes:

Completion of training exercises or commands

Notes:

Preferences for certain toys, treats, or activities

Notes:

Sleep patterns and favourite resting spots

Notes:

Mild variations in energy levels throughout the day

Notes:

Response to different types of food or treats

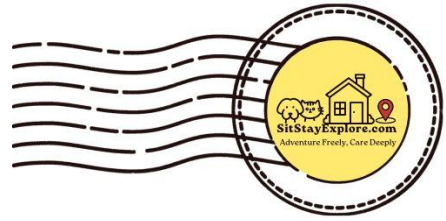

Notes:

Observations about socialisation with humans or other animals

Notes:

Any cute or funny moments worth sharing

Notes:

## Daily Record Keeping

Meals (times, amounts, type of food)

Notes:

Medication administration (if applicable)

Notes:

Exercise and playtime duration

Notes:

Toilet breaks (frequency, consistency)

Notes:

Water intake

Notes:

General mood and energy level

Notes:

Any treats given

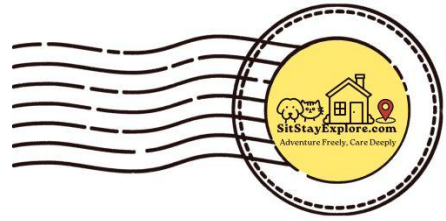

Notes:

Grooming tasks completed

Notes:

Cleaning tasks related to pet care

Notes:

## End-of-Sit Summary

Overall health and behaviour assessment

Notes:

Summary of any noteworthy events or changes

Notes:

Inventory of pet supplies used and remaining

Notes:

List of any purchases made for pet care

Notes:

Recommendations for future sits or pet care

Notes:

Feedback on pet's response to care routine

Notes:

Any observed changes in the home environment

Notes:

Status of plants or other home care tasks

Notes:

List of any post or packages received

Notes:
